Definition of Terms:

Consumer Price Index (CPI) - an indicator of the change in the average retail prices of a fixed basket of goods and services commonly purchased by households relative to a base year.

Inflation Rate - year-on-year changes in the CPI. Labor Force Participation Rate - proportion of total labor force to the total household population 15 years and over.

Purchasing Power of Peso – a measure of the value of the peso in each period relative to a chosen reference period.

Poverty Incidence – the proportion of families/individuals with per capita income/expenditure less than the per capita poverty threshold to the total number of families/individuals.

Subsistence Incidence – the proportion of families/individuals with per capita income/expenditure less than the per capita food threshold to the total number of families/individuals.

Employment Rate - proportion of employed persons to the total labor force. Unemployment Rate - proportion of unemployed persons to the total labor force.

Underemployment Rate - proportion of underemployed persons to total employed persons. Poverty Incidence among Population - refers to the proportion of population with per capita income less than the per capita poverty threshold to the total number of populations.
