# SPECIAL RELEASE

PhilSys Implementation Report in Davao de Oro As of 30 December 2023

Date of Release   : 30 January 2024
Reference No.   : SR-241182-002

83.5 percent are registered in Davao de Oro

As of 30 December 2023, 640,731 individuals in Davao de Oro are reported to have registered with the Philippine Identification System (PhilSys) also known as the National ID System, constituting 83.5 percent of the province's total population of 767,547. Notably, during the year 2023, the PhilSys Registration Team (PRT) registered an additional 28,918 individuals (see Figure 1 and Table 1).

Moreover, among the 11 municipalities of Davao de Oro, three (3) municipalities recorded above-par registration coverage to the province, namely, Maco, Montevista, and Nabunturan. On the other hand, Monkayo, Pantukan, and Nabunturan posted the highest number of unregistered individuals to the National ID registration. (Tables 1 and 2)

Table 1. Number of PhilSys Registered Individuals by Municipality:
Davao de Oro, 2021 - 2023

Municipality	2021	2022	FY 2023	as of 30 Dec
Davao De Oro	582,121	29,692	28,918	640,731
Compostela	66,029	2,263	3,133	71,425
Laak	61,413	1,814	3,055	66,282
Mabini	32,949	1,200	2,183	36,332
Maco	63,497	3,278	3,080	69,855
Maragusan	47,855	2,210	3,691	53,756
Mawab	30,203	1,470	1,133	32,806
Monkayo	66,032	3,551	3,314	72,897
Montevista	42,978	873	1,789	45,640
Nabunturan	71,505	5,176	2,806	79,487
New Bataan	36,632	1,628	1,132	39,392

More than 127,000 individuals received their ePhilID copy

The issuance of PhilSys digital ID, also known as ePhilID, is a proactive strategy of the Philippine Statistics Authority (PSA) that allows registrants to immediately enjoy the benefits of being PhilSys registered. Since its launching last October 2022, a total of 127,288 ePhilIDs have been issued to registered individuals in Davao de Oro. This is 74.0 percent of the 172,000 ePhilIDs targeted to be delivered in the province. (Figure 2 and Table 3)

There are two modes of ePhilID printing, namely, Mode 1 which is the printing of ePhilID from the files generated through the DCS portal conducted by the PRT, and Mode 2 which is the printing of ePhilIDs downloaded by the PhilSys Registry Office (PRO). Additionally, the issuance of ePhilIDs by the PRT to registered individuals is now in real-time. This means that after the step 2 registration of a client, they can promptly receive their ePhilID.

Features of the ePhilID contain the person's PhilSys Card Number (PCN) and basic demographic information together with the QR code that is used for its authentication. Meanwhile, the ePhilID has the same functionality and validity as the physical card.

**Figure 2. Number of Issued ePhilIDs by Mode:
Davao de Oro, October 2022 to June 2023**

Source: PhilSys Davao de Oro Monitoring Report 2023

Looking into the per municipality issuances of ePhilIDs, Nabunturan (16,486) recorded the highest number of deliveries followed by Compostela (15,020) and Monkayo (15,012). On the other hand, Mawab (7,060), Montevista (7,811), and Mabini (8,574) posted the lowest ePhilID issuances in the province.

Before, the generation of ePhilIDs has been centralized in the PRO but then recently, the PRT has been advised to do daily uploading of registered data packets so that they can generate the ePhilIDs at their respective field offices and registration centers. In this way, the issuance of ePhilIDs to registered individuals will be fast-tracked. At present, real-time issuance has been implemented, allowing clients to receive their ePhilID immediately after registration.

Table 3. Number of Issued ePhilIDs by Municipality, by Mode: Davao de Oro, October 2022 to December 2023

Municipality	Total Mode 1	Total Mode 2	Total Issued ePhilIDs
Davao De Oro	20,285	107,003	127,288
Compostela	2,852	12,168	15,020
Laak	1,740	10,163	11,903
Mabini	1,266	7,308	8,574
Maco	1,338	10,851	12,189
Maragusan	2,090	8,278	10,368
Mawab	567	6,493	7,060
Monkayo	1,586	13,426	15,012
Montevista	866	6,945	7,811
Nabunturan	4,507	11,979	16,486
New Bataan	2,064	6,897	8,961
Pantukan	1,409	12,495	13,904

99.0 percent delivered vs received PhilIDs

In the implementation of PhilSys, PSA is tasked with its registration while Bangko Sentral ng Pilipinas (BSP) will facilitate the printing of the physical card and the Philippine Postal Corporation (PHLPost) will deliver the PhilIDs to the registered individuals.

Based on the delivery updates of PHLPost shared with the PRO, BSP has dispatched a total of 508,923 PhilIDs to the Postal Areas in Davao de Oro. Of these received PhilIDs from BSP, 99.0 percent or 503,994 were delivered

by the local Postmasters of the province to the registered individuals. (Table 4)

Table 4. Status of PhilID Delivery per Post Office:
Davao de Oro, 01 May 2021 to 31 August 2023

Post Office	Total Received PhilIDs from BSP	Total Delivered PhilIDs to Holders	Percentage of Delivered PhilIDs
Davao De Oro	508,923	503,994	99.0%
Compostela	61,436	60,749	98.9%
Laak	46,217	44,929	97.2%
Mabini	41,921	41,527	99.1%
Maco	56,460	55,835	98.9%
Maragusan	42,218	42,192	99.9%
Mawab	28,306	28,252	99.8%
Monkayo	64,728	64,518	99.7%
Montevista	32,650	32,301	98.9%
Nabunturan	56,790	56,599	99.7%
New Bataan	35,043	34,706	99.0%
Pantukan	43,154	42,386	98.2%

More than 600 recorded Return-to-Sender PhilIDs

PHLPost is the partner agency of PSA in the delivery of the PhilIDs together with their local Postmasters. As per agreement, they will deliver the PhilIDs in three attempts and the unclaimed cards will be stored in their office within 30 days. After this timeline, unclaimed Return-to-Sender PhilIDs will be endorsed to PSA.

As of 30 December 2023, PSA Davao de Oro received 618 unclaimed RTS PhilIDs due to deceased cardholders and changed locations (moved-out) or unlocated PhilID holders. Additionally, the office has recorded a total of 469 re-delivered PhilIDs.

Technical Notes:

Philippine Identification System (PhilSys), also known as National Identification (National ID) System, refers to the government's central identification platform for all Filipino citizens and resident aliens of the Philippines.

PhilSys Step 2 Registration is the validation of supporting documents and collection of biometric information such as iris scan, fingerprints, and front-facing photographs.

PhilID refers to the physical ID card that serves as a valid proof of identity that can be used to transact with the government and the private sector. The is a non-transferable card that contains a registrant's demographic and biometric information such as full name, birth date, address, front-facing photograph, and the PhilSys Card Number or PCN. This is issued upon successful registration to the PhilSys.

ePhilID is the digital copy of the PhilID and has the same functionality and validity as the physical card. It is a proactive strategy of the PSA that will allow more Filipinos to immediately enjoy the benefits of being PhilSys-registered.
