Unregistered Births in Mawab Population (2020 Census of Population and Housing)

Date of Release: 04 April 2024

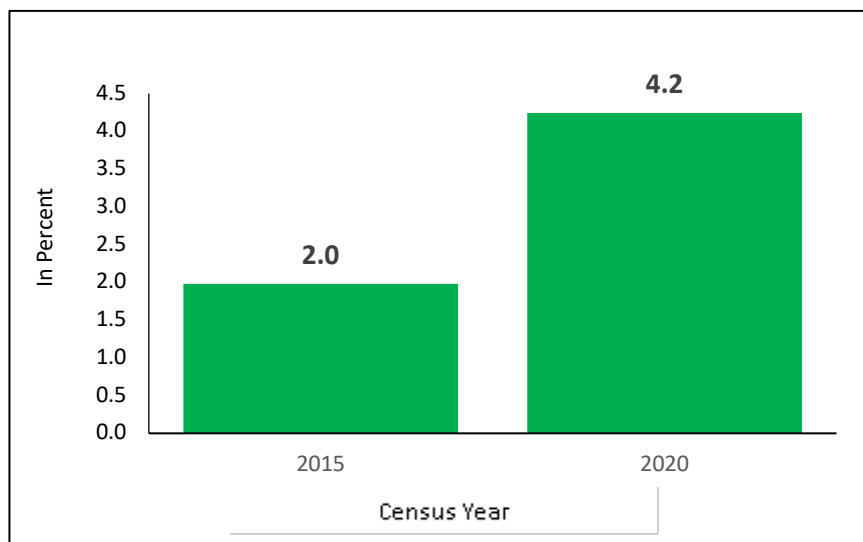

Reference No.: SR-241182-024

Proportion of persons with unregistered births in Mawab increases to 4.2 percent

The 2020 Census of Population and Housing (2020 CPH) revealed that a total of 1,675 persons of the household population in 2020 had their births unregistered with the Local Civil Registry Office (LCRO) of Mawab. This is equivalent to 4.2 percent of the 39,489 household population in 2020. (Figure 1)

Moreover, census results from 2015 to 2020 show an increasing trend in the proportion of persons with unregistered births, from 2.0 percent to 4.2 percent in 2020. (Figure 1)

TECHNICAL NOTES

The statistics presented in this Special Release were based on the answers and information provided by the respondent or any responsible member of the household to the questions on birth registration about all the household members.

For the 2020 CPH, birth registration data of all household members were collected by asking the respondents, *“Was _____’s birth registered with the Local Civil Registry Office?”* and *“Has _____ ever had a copy of his/her birth certificate?”*
