

PRESS RELEASE

1st Convening of Municipality of San Isidro Community-Based Monitoring System (CBMS) Coordinating Board for the Synchronous 2024 CBMS

Date of Release: 8 March 2024
Reference No.: PRDDN2024-008

The 2024 Community-Based Monitoring System (CBMS) was officially convened with the CBMS Coordinating Board of the Municipality of San Isidro at Municipal Hall, San Isidro, Davao del Norte last 28th of February 2024.

Members of the CCB of the Municipality of San Isidro discussing about the 2024 CBMS preparations.

Statistical Specialist II Charielle Mae C. Catigara highlighted the background and legal bases of CBMS and CCB, one of the topics are that the CBMS is a nationwide undertaking that requires cooperation of all government and private entities to ensure smooth flow of the CBMS operations at all geographic and administrative levels. It was discussed also that the PSA shall be primary responsible for all national censuses and surveys, sectoral statistics, consolidation of the administrative recording system, and compilation of national accounts.
