

## PRESS RELEASE

### **1<sup>st</sup> Convening of Tagum City Community-Based Monitoring System (CBMS) Coordinating Board for the Synchronous 2024 CBMS**

Date of Release: 15 March 2024  
 Reference No.: PRDDN2024-015

The 2024 Community-Based Monitoring System (CBMS) was officially convened with the CBMS Coordinating Board of the City of Tagum at City Hall, J.V. Ayala Avenue, Apokon Road, Tagum City on 26<sup>th</sup> of February 2024.

*CSS Amoyen together with the CCB of the City of Tagum discussing the overview of the 2024 CBMS*

Chief Statistical Specialist Pepito D. Amoyen highlighted the purposes of the 2024 CBMS, which are to generate updated disaggregated data necessary in targeting beneficiaries, conducting more comprehensive poverty analysis and needs prioritization, designing appropriate policies and interventions, and monitoring impact over time. Furthermore, CBMS data serves as a valuable resource for LGUs in their planning and decision-making processes. By incorporating CBMS data into local development plans, LGUs can identify key development priorities, set realistic targets, and track progress over time. This facilitates evidence-based planning and enables LGUs to respond effectively to emerging challenges and opportunities.
