

PRESS RELEASE

PSA Davao Oriental Conducted LGU Coordination for CBMS Data Turnover

Date of Release: 03 June 2025
Reference No.: PR-1125-2025-05

Davao Oriental (03 June 2025)- The Philippine Statistics Authority (PSA) Davao Oriental has officially launched its coordination activities in preparation for the data turnover of the 2024 Community-Based Monitoring System (CBMS) results. The initiative began on May 14, led by Supervising Statistical Specialist Fe T. Antipuesto, which started on the Gulf Town municipalities.

SSS Fe T. Antipuesto, together with Mayor Juanito C. Inojales and personnel from the LGU of Governor Generoso, during the coordination.

The coordination meetings are designed to ensure that Local Government Units (LGUs) fully understand and comply with the necessary requirements for the data turnover that is targeted for the third quarter of this year. The CBMS serves as a vital tool to provide accurate and up-to-date information regarding the living conditions of communities, thereby facilitating better planning and resource allocation. Through these meetings, the PSA aims to enhance collaboration with local officials to ensure that all necessary preparations are in place for the effective implementation of the CBMS results.

Local authorities are strongly encouraged to actively participate in these efforts to achieve a seamless transition and make the most of the data for their community development initiatives. The PSA is committed to supporting LGUs throughout this process, ensuring that the valuable insights derived from the CBMS contribute to informed decision-making and significantly improve the quality of life for residents in Davao Oriental.
