Inflation Rate (IR)

The inflation rate is the annual rate of change or the year-on-year change of the CPI expressed in percent. Inflation is interpreted in terms of declining purchasing power of money.

Consumer Price Index (CPI)

The CPI is an indicator of the change in the average retail prices of a fixed basket of goods and services commonly purchased by households relative to a base year.

Bottom 30% Household

Families that belong in the low-income bracket and the most vulnerable to economic and social difficulties. Based on the "relative poverty" concept, a household whose per capita income falls below the bottom 30% of the cumulative per capita distribution belongs to the low-income group.
