and Services

### INFLATION RATE

The inflation rate is the annual rate of change or the year-on-year change of the CPI expressed in percent. Inflation is interpreted in terms of declining purchasing power of money.

### CONSUMER PRICE INDEX

The CPI is an indicator of the change in the average retail prices of a fixed basket of goods and services commonly purchased by households relative to a base year.

### Bottom 30% Household

Families that belong in the low-income bracket and the most vulnerable to economic and social difficulties. Based on the "relative poverty" concept, a household whose per capita income falls below the bottom 30% of the cumulative per capita distribution belongs to the low-income group.
