2022 CAF

CENSUS OF AGRICULTURE AND FISHERIES

The Census of Agriculture and Fisheries (CAF) is a large-scale government undertaking, geared towards the collection and compilation of basic information on the agriculture and fishery sectors in the Philippines.

The Philippine Statistics Authority (PSA) conducted the 2022 CAF among households and non-household entities that operated agriculture, aquaculture, and fishing activities from 01 January to 31 December 2022.

The 2022 CAF was the seventh in a series of decennial agricultural census and the sixth in the decennial census of fisheries in the country since the first census in 1903. It was designed to collect the structural characteristics of the agricultural and fishery sectors in the country.
